(NZ 1.30pm start) (SA 11am start) (Japan 10.30am start) (WA, Hong Kong, Singapore, Beijing 9am start) (India 7.30am start)
Next training Tues 13 Oct, Tues 8 Dec

Module 1B | One Planet Living Benefits

An introduction to the benefits and community impact delivered with OPL through international case studies. Overview of projects, organisations, local government and schools achieving leadership recognition with OPL.

ONE HOUR INTRODUCTION 11.30am to 12.30pm AEST
(NZ 1.30pm start) (SA 11am start) (Japan 10.30am start) (WA, Hong Kong, Singapore, Beijing 9am start) (India 7.30am start)
Next training Tues 8 Sep, Tues 10 Nov

Learn One Planet Living

Overview and Benefits

Learn how you apply the OPL international framework using the One Planet Analysis and One Planet Action Planning two-step process. Taught in two modules over an 8 wk program, you'll be required to apply the process to a real project, organisation, local government or school. The process allows for you to apply the international framework, develop an analysis and action plan, and receive feedback. Recommended for people wanting to understand the process and develop an approach to living within earths resources. This Module is a prerequisite for Module 3.

Module 2A | Developing the One Planet Analysis

Taught across 3 webinars with one peer review discussion forum, it covers:
• Overview of all five analysis functions, areas for improvement and visioning process
• Leadership Initiatives and Trends, Stakeholder engagement and workshop facilitation
• Challenges & Establishing key performance indicators and benchmarking

1.5 HOURS   11.30am to 1pm AEST
Next training   Webinars: 15, 18 & 22 Sep   Review: 25 Sep

Module 2B | Developing the One Planet Action Plan

Taught across 3 webinars with one peer review discussion forum, it covers:
• Overview, Process management, Desired Outcomes and Indicators of success
• Principle Actions Summary and Integrated thinking
• Detailed Action Planning and implementation process

1.5 HOURS   11.30am to 1pm AEST
Next training   Webinars: 29 Sep, 2 & 6 Oct   Review: 9 Oct

Implement One Planet Living

Overview and Benefits

The One Planet Living (OPL) Integrator training is for professionals seeking to manage the OPL process or for consulting. Learn how to guide the team through the process and achieve success. Receive tips on supporting tools, reporting of impacts, building the assessment submission and what to expect in the process.

Taught in two modules over an 8 wk program, completion of Module 3 is a prerequisite for registering as a One Planet Integrator.

Module 3A | One Planet Living Recognition

Taught across 3 webinars with one peer review discussion forum, it includes:
- One Planet Living recognition requirements, One Planet Integrators role, and Bioregional Australia Resources
- Supporting Tools, Measurements and Reporting Impacts
- Building your assessment submission material and example documents

1.5 HOURS   11.30am to 1pm AEST
Next training   Webinars: 27 & 30 Oct, 3 Nov   Review: 6 Nov

Module 3B | One Planet Living Impacts

Taught across 3 webinars with one peer review discussion forum, it includes:
- Benefits of annual reporting to project teams, stakeholders and community
- Tracking indicators and finetuning actions
- Collating date, presenting impacts and outcomes and publishing annually

1.5 HOURS   11.30am to 1pm AEST
Next training   Webinars: 10, 13 & 17 Nov   Review: 20 Nov

The 'Implement One Planet Living' Modules require commitment to develop experience in developing One Planet Living programs , projects and plans as a trainee integrator.

The next step is to apply with Bioregional Australia to be registered as a One Planet Living Integrator and manage or consult on recognition projects.

Our online training programs are scheduled to enable attendance from countries in the Oceania and Asia region. All training materials and webinars are provided in English.

Online training can be delivered privately for member organisations. In-person training is available in half and full day training sessions.

Training sessions are scheduled for 11.30am Australian Eastern Standard Times (AEST) for QLD, NSW, VIC, TAS ACT (subject to daylight savings).

Check start times in other regions: (NZ 1.30pm start) (Japan 10.30am start) (Hong Kong, Singapore, Beijing 9am start) (India 7.30am start).

One Planet Living Training Sessions run on Tuesday and Fridays.
